Safety
Management

SUMMARY

Employee Readiness Survey

- Assess employee health, sentiment regarding return to work, and overall readiness
- Leverages existing targeted audiences in Emergency Outreach
- Scorecard dashboards display user survey responses
- Support for taking surveys in Now Mobile app
- Monitor and assess return to workplace strategies with real time data

Employee Health Screening

- Manage workplace entries with the Now Mobile app or Service Portal
- Enforce site specific entry conditions using location details
- Assess and track employee readiness to enter the workplace
- View trends across workplace environments on a dashboard

PPE Inventory Management

- Comprehensive view of PPE inventory by location and facility
- Updated real-time inventory management
- Automatically trigger stockroom transfers to meet demand
- Users can request PPE through a service catalog or the Now Mobile app
- Historical data on equipment needs and levels over time

Workplace Safety Management

- Manage workplaces using details such as spaces, areas, floors, buildings, campuses, sites and regions
- Reserve workspaces using shifts
- Monitor scheduled maintenance activities in the workplace for each shift
- Leverage dashboards to manage workspaces and progress on tasks

Suggested Price For All 4 ServiceNow Safe Workplace Apps + Dashboard Starting at \$10,000

* Tailored solutions could increase scope and cost

NINE ESSENTIALS FOR RETURNING TO A NEW NORMAL CONTENT

Whether working virtually or on-site, one thing we know is that a new shape of work will emerge. Quickening the pace towards reinvention, however, requires a concerted effort around a few essentials:
